04 — BIG IDEA

WHY CROWNED?

MOST HAIR ROUTINES START TOO FAR FROM THE SOURCE.

Shampoo.

Conditioner.

Masks.

Oils.

Styling creams.

Most traditional hair care focuses almost entirely on the visible hair fiber.

But every strand begins at the scalp.

And that makes scalp care one of the most logical places to build a more complete hair routine.

Crowned was created around a simple idea:

DON'T JUST STYLE THE HAIR.

CARE FOR THE ENVIRONMENT IT GROWS FROM.

That is why Crowned is applied directly to the scalp.

Not just to the ends.

Not just to the surface of the hair.

A focused serum designed to complement the rest of your routine from the foundation up.

SCALP FIRST.

STRANDS SECOND.

ROUTINE SIMPLE.

[[START MY CROWNED ROUTINE →](#)]

05 — BENEFITS

WHAT CROWNED IS BUILT TO SUPPORT

BETTER-LOOKING HAIR ISN'T JUST ABOUT SHINE.

Crowned combines scalp conditioning and strand care in one lightweight daily formula.

FULLER-LOOKING HAIR

Designed to support the appearance of greater body, density and fullness as part of a consistent scalp-care routine.

STRONGER-LOOKING STRANDS

Conditioning ingredients help support hair resilience and improve the appearance and feel of fragile strands.

HEALTHIER-LOOKING SCALP

A scalp-focused formula designed to help maintain a well-conditioned, balanced-looking scalp environment.

LESS VISIBLE BREAKAGE

Helps condition the hair and support strands that look smoother, stronger and better cared for.

SIMPLE DAILY CARE

One lightweight leave-in application.

No rinse.

No heavy residue.

No complicated new routine.

SCALP CARE.

STRAND CARE.

ONE DAILY SERUM.

[TRY CROWNED →]

06 — HERO INGREDIENT

THE INGREDIENT THAT MAKES CROWNED DIFFERENT

COPPER TRIPEPTIDE-1 (GHK-Cu)

ADVANCED PEPTIDE CARE — DIRECTLY FOR THE SCALP.

Copper Tripeptide-1, also known as **GHK-Cu**, is a copper-binding peptide widely used in advanced cosmetic skincare formulations.

Researchers have also studied copper peptides in relation to skin remodeling, extracellular-matrix biology and hair-follicle biology.

That does not mean every cosmetic product containing GHK-Cu is automatically clinically proven to regrow hair.

And Crowned does not need to make that claim.

What makes GHK-Cu interesting is simpler:

IT BRINGS ADVANCED PEPTIDE TECHNOLOGY INTO DAILY SCALP CARE.

Instead of relying only on traditional oils or basic conditioning ingredients, Crowned puts a modern cosmetic peptide at the center of the formula.

PEPTIDE CARE FOR THE PLACE YOUR HAIR BEGINS.

[SEE THE CROWNED FORMULA →]

07 — WHAT'S INSIDE

THE FORMULA

FOUR FOCUSED INGREDIENTS.

FOUR DIFFERENT ROLES.

Crowned combines peptide technology, scalp-barrier care and strand conditioning in one lightweight serum.

COPPER TRIPEPTIDE-1 — GHK-Cu

PEPTIDE SCALP CARE

A copper-binding cosmetic peptide studied in skin and hair-related biological research.

WHY IT'S HERE

To anchor Crowned's advanced peptide-based scalp-care approach.

NIACINAMIDE — VITAMIN B3

SCALP BARRIER CARE

Niacinamide is one of the most established cosmetic ingredients for supporting skin-barrier function and improving overall skin condition.

WHY IT'S HERE

Because a well-conditioned scalp is part of a smarter hair-care routine.

Importantly, Crowned does **not** rely on niacinamide as a hair-growth claim. Existing evidence does not establish topical niacinamide itself as a hair-growth stimulant.

PANTHENOL — PROVITAMIN B5

MOISTURE + STRAND CONDITIONING

Panthenol is widely used in hair-care formulations for conditioning, moisture and improved feel.

WHY IT'S HERE

To help support softer, smoother and more resilient-looking strands.

BIOTIN — VITAMIN B7

A FAMILIAR HAIR-CARE INGREDIENT

Biotin is widely recognized in the hair-care category and frequently included in cosmetic formulations designed around hair appearance and conditioning.

WHY IT'S HERE

To complement Crowned's overall hair-care profile.

PEPTIDE.

BARRIER CARE.

CONDITIONING.

ONE FORMULA.

[VIEW FULL INGREDIENT LIST →]

08 — DIFFERENTIATION

WHY A SCALP SERUM?

BECAUSE HAIR OIL AND SCALP CARE ARE NOT THE SAME THING.

Traditional oils are often designed around coating or conditioning the hair fiber.

That can be useful.

But it isn't the same objective as a direct-to-scalp serum.

Crowned is designed to be:

LIGHTWEIGHT

LEAVE-IN

DIRECTLY APPLIED TO THE SCALP

EASY TO USE EVERY DAY

COMPATIBLE WITH YOUR EXISTING ROUTINE

The point isn't to cover your hair in more product.

It's to add a focused scalp-care step without weighing everything down.

CARE WHERE IT COUNTS.

WITHOUT THE HEAVY FEEL.

[TRY THE CROWNED DIFFERENCE →]

09 — HOW TO USE

YOUR DAILY ROUTINE

TEN SECONDS. ONE TARGETED STEP.

You do not need an entirely new hair-care system.

Crowned is designed to slot into the one you already have.

01 — APPLY

Apply **1 full dropper daily** directly to the dry or towel-dried scalp according to the current product directions.

02 — TARGET

Focus the application on the scalp areas where you want to be most consistent with your care routine.

03 — MASSAGE

Gently massage the serum into the scalp.

04 — LEAVE IT IN

No rinse required.

Continue with your regular styling routine.

APPLY. MASSAGE. GO.

[START MY DAILY ROUTINE →]

10 — THE SIMPLICITY ADVANTAGE

THE BEST HAIR ROUTINE ISN'T THE ONE WITH THE MOST PRODUCTS.

IT'S THE ONE YOU KEEP USING.

People often respond to hair concerns by adding more.

Another oil.

Another mask.

Another vitamin.

Another serum.

Another complicated protocol.

Before long, the bathroom counter becomes a chemistry lab.

Crowned takes the opposite approach.

ONE SERUM.

ONE DROPPER.

ONCE A DAY.

That's it.

Because consistency is difficult when the routine itself becomes a burden.

LESS ROUTINE.

MORE CONSISTENT CARE.

[MAKE CROWNED PART OF MY DAY →]

11 — WHAT CROWNED IS NOT

CLEAR POSITIONING

NOT A HAIR DYE.

NOT A FIBER SPRAY.

NOT A HEAVY OIL.

**NOT A PRESCRIPTION HAIR-LOSS
DRUG.**

Crowned is a cosmetic scalp serum designed around hair and scalp appearance.

It does not need to pretend to treat androgenetic alopecia or medically reverse hair loss.

Its role is different:

- ✓ Support scalp condition
- ✓ Condition fragile-looking strands
- ✓ Support fuller-looking hair
- ✓ Help reduce the appearance of breakage
- ✓ Add peptide-based scalp care to your routine

COSMETIC CARE.

CLEAR PURPOSE.

[TRY CROWNED →]

12 — COMPARISON

WHY CROWNED?

**A FOCUSED SCALP SERUM VS.
ANOTHER COMPLICATED HAIR STACK.**

	CROWNED®	COMPLEX HAIR ROUTINES
Direct scalp application	✓	Varies

Copper Tripeptide-1	✓	Varies
Niacinamide + Panthenol	✓	Varies
Lightweight leave-in serum	✓	Varies
Once-daily use	✓	Varies
No rinse required	✓	Varies
No heavy oil format	✓	Varies
Fits existing routine	✓	Varies
90-Day Guarantee	✓	Varies

SCALP FIRST.

ROUTINE SIMPLE.

[CHOOSE MY BUNDLE →]

13 — COMMERCIAL REFRAME

THE REAL VALUE OF CROWNED

**YOU DON'T NEED TO REPLACE
EVERYTHING YOU ALREADY USE.**

Keep your shampoo.

Keep your conditioner.

Keep your styling products.

Crowned isn't here to replace your entire bathroom shelf.

It's designed to add the step most routines overlook:

DIRECT SCALP CARE.

One targeted product.

Once a day.

That's the commercial advantage.

Not another “full system” requiring five products and a complicated regimen.

ADD ONE STEP.

NOT FIVE.

[GET CROWNED →]

14 — OBJECTION HANDLING

“CAN'T I JUST USE A HAIR OIL?”

You can.

But they serve different roles.

Many oils primarily coat and condition the hair shaft and may also moisturize the scalp.

Crowned is designed as a **lightweight direct-to-scalp serum** featuring a peptide + vitamin formula.

If your objective is simply to add shine to the ends of your hair, an oil may be enough.

If you want a focused scalp-care step, Crowned was built for that job.

DIFFERENT FORMAT.

DIFFERENT ROUTINE ROLE.

15 — SECOND OBJECTION

“WHY NOT JUST USE BIOTIN?”

Because Crowned isn't a biotin-only product.

Biotin is one familiar component of the formula.

The broader product architecture includes:

Copper Tripeptide-1

Niacinamide

Panthenol

Biotin

Each selected around a different cosmetic function.

PEPTIDE CARE.

SCALP-BARRIER CARE.

STRAND CONDITIONING.

That's a much stronger formula story than simply printing "BIOTIN" on the front of another bottle.

16 — SOCIAL PROOF

REAL ROUTINES

**BUILT FOR PEOPLE WHO DON'T WANT
ANOTHER GREASY HAIR PRODUCT.**

★★★★★

"I LOVE HOW LIGHT IT FEELS."

"I've tried scalp oils before and hated how my roots felt afterward. Crowned is much easier to work into my daily routine."

Verified Buyer

★★★★★

“FINALLY, A SCALP PRODUCT I ACTUALLY USE.”

“One dropper, a quick massage and I'm done. It doesn't complicate everything else I already do with my hair.”

Verified Buyer

★★★★★

“THE FORMULA IS WHAT CAUGHT MY ATTENTION.”

“I had seen copper peptides in skincare before, so I liked the idea of a scalp serum built around GHK-Cu.”

Verified Buyer

★★★★★

“EASY TO USE WITHOUT CHANGING MY ROUTINE.”

“I still use my regular shampoo and styling products. Crowned is just one extra step, which makes it easy to stay consistent.”

Verified Buyer

★★★★★ 4.8/5 CUSTOMER RATING

Individual experiences may vary.

Publish only authentic, substantiated customer reviews. Do not rewrite testimonials to create claims such as “grew my hair back,” “reversed bald spots,” “stopped hair loss,” “reactivated follicles” or guaranteed increases in hair count.

19 — FAQ

QUESTIONS? WE'VE GOT ANSWERS.

WHAT EXACTLY IS CROWNED?

Crowned is a lightweight leave-in cosmetic scalp serum formulated with Copper Tripeptide-1 (GHK-Cu), Niacinamide, Panthenol, Biotin and complementary ingredients.

It is designed to support scalp condition and the appearance of stronger, fuller-looking hair.

WHAT MAKES CROWNED DIFFERENT?

Its scalp-first approach.

Instead of functioning primarily as a styling product or heavy hair oil, Crowned is designed for direct once-daily scalp application and features Copper Tripeptide-1 as its hero cosmetic ingredient.

WHAT IS GHK-Cu?

GHK-Cu is a copper-binding tripeptide studied in cosmetic and biological research involving skin remodeling and hair-follicle biology.

Crowned should not be interpreted as clinically proven to regrow hair simply because its formula contains GHK-Cu.

DOES NIACINAMIDE GROW HAIR?

That is not how Crowned positions niacinamide.

Niacinamide has strong relevance to cosmetic skin-barrier care, while existing evidence does not establish topical niacinamide itself as a hair-growth stimulant.

In Crowned, its role is centered on scalp conditioning and barrier support.

HOW DO I USE CROWNED?

Apply **1 full dropper daily** directly to a dry or towel-dried scalp according to the current product directions.

Massage gently.

Leave it in.

No rinse is required.

WILL IT MAKE MY HAIR GREASY?

Crowned is designed as a lightweight serum rather than a heavy traditional hair oil.

Individual hair type, scalp type and amount applied may affect how the product feels.

DO I NEED TO CHANGE MY SHAMPOO?

No.

Crowned is designed to complement your existing hair-care routine.

IS CROWNED A HAIR-LOSS TREATMENT?

No.

Crowned is a cosmetic scalp-care product and is not intended to diagnose, treat, cure or prevent a medical cause of hair loss.

WHEN SHOULD I EXPECT TO NOTICE A DIFFERENCE?

Hair and scalp appearance changes gradually, and individual experiences vary.

Consistency matters, while age, genetics, styling practices, nutrition, hormonal factors and underlying health conditions may also influence hair appearance.

Crowned does not promise a specific result within a specific number of days.

WHAT IF I'M EXPERIENCING SUDDEN OR SIGNIFICANT HAIR LOSS?

Sudden, patchy, persistent or unexplained hair loss can have underlying medical causes.

Consult a qualified healthcare professional or dermatologist for appropriate evaluation.

WHAT IF CROWNED ISN'T RIGHT FOR ME?

Eligible purchases are protected by our 90-Day Money-Back Guarantee according to the current refund-policy terms.
