04 — WHY SONNUS?

THE DIFFERENCE

SLEEP SUPPORT SHOULDN'T BEGIN AND END WITH ONE INGREDIENT.

Many nighttime supplements are built around a simple idea:

MORE MELATONIN = BETTER.

Sonnus takes a different approach.

Melatonin plays an important role in normal sleep-wake timing.

But nighttime wellness involves more than one pathway — and that's why Sonnus doesn't build the entire formula around melatonin alone.

Instead, it combines:

Magnesium

L-Theanine

GABA

5-HTP

Apigenin

Lemon Balm

Vitamins B2 + B6

and other components of the formula...

...with just **0.9 mg of melatonin**.

MELATONIN IS PART OF THE FORMULA.

NOT THE ENTIRE FORMULA.

That's the Sonnus difference.

[SEE THE FULL SONNUS FORMULA →]

05 — BIG IDEA

A BETTER NIGHT STARTS BEFORE YOU FALL ASLEEP.

THE TRANSITION INTO BEDTIME MATTERS.

Your day doesn't always stop when your head reaches the pillow.

Emails.

Screens.

Deadlines.

Conversations.

Mental stimulation.

Late meals.

Caffeine.

A busy schedule can follow you straight into bed.

That's why Sonnus was designed around the **transition into nighttime**, not simply the moment you close your eyes.

The formula is built to complement a routine centered around:

CALMING DOWN

REDUCING STIMULATION

CREATING A CONSISTENT BEDTIME SIGNAL

SUPPORTING HEALTHY SLEEP

Two gummies simply become part of that ritual.

CHEW. UNWIND. REST.

07 — THE FORMULA

WHAT'S INSIDE

A NIGHTTIME STACK — WITHOUT THE NIGHTTIME STACK.

Instead of asking you to buy several separate supplements, Sonnus combines 10 sleep-support ingredients into one convenient gummy formula.

MAGNESIUM BISGLYCINATE + MAGNESIUM GLYCINATE

THE MINERAL FOUNDATION

Magnesium is an essential mineral involved in hundreds of physiological processes, including normal nervous-system and muscle function.

WHY IT'S HERE:

To form part of Sonnus' broader relaxation and nighttime-wellness approach.

L-THEANINE

THE CALMING AMINO ACID

L-Theanine is an amino acid found naturally in tea and frequently studied in relation to relaxation and stress response.

WHY IT'S HERE:

To complement Sonnus' nighttime-calming profile.

GABA

PART OF THE BODY'S CALMING SIGNALING SYSTEM

GABA is a naturally occurring neurotransmitter involved in inhibitory signaling in the nervous system.

WHY IT'S HERE:

As part of the formula's broader relaxation approach.

5-HTP

PART OF THE SEROTONIN PATHWAY

5-HTP is a precursor involved in the body's normal serotonin pathway.

WHY IT'S HERE:

To complement the multi-pathway nighttime formula.

APIGENIN

A COMPOUND NATURALLY FOUND IN CHAMOMILE

Apigenin is a naturally occurring flavonoid found in several plants, including chamomile.

WHY IT'S HERE:

To complement Sonnus' nighttime botanical profile.

LEMON BALM

A TRADITIONAL NIGHTTIME BOTANICAL

Lemon balm has a long history of traditional use in calming and evening botanical preparations.

WHY IT'S HERE:

To complement the formula's relaxation-focused ingredients.

VITAMIN B6

A NUTRIENT INVOLVED IN NEUROTRANSMITTER METABOLISM

Vitamin B6 serves as a cofactor in multiple biochemical pathways.

WHY IT'S HERE:

To support the nutritional architecture of Sonnus' nighttime formula.

VITAMIN B2

SUPPORTING NORMAL CELLULAR ENERGY METABOLISM

Vitamin B2 plays a recognized role in normal cellular energy production.

WHY IT'S HERE:

To complement the nutritional profile of the formula.

MELATONIN — 0.9 MG

THE NIGHTTIME SIGNAL

Melatonin is naturally produced by the body and plays an important role in normal sleep-wake timing.

Sonnus uses **0.9 mg per serving** as one part of a broader 10-ingredient formula.

NOT A MELATONIN-ONLY PRODUCT.

A MULTI-INGREDIENT NIGHTTIME FORMULA.

[[VIEW SUPPLEMENT FACTS →](#)]

08 — THE COMMERCIAL DIFFERENTIATOR

WHY ONLY 0.9 MG OF MELATONIN?

BECAUSE MORE ISN'T ALWAYS THE WHOLE STORY.

Walk through the sleep aisle and you'll find products built almost entirely around melatonin.

Sometimes several milligrams per serving.

Sonnus was formulated differently.

Instead of relying on melatonin as the entire nighttime strategy, the formula spreads its focus across **10 complementary ingredients**.

That means the product story isn't:

“TAKE MORE MELATONIN.”

It's:

BUILD A MORE COMPLETE NIGHTTIME ROUTINE.

Melatonin remains part of the formula.

Just not the whole formula.

[TRY THE SONNUS DIFFERENCE →]

DEVELOPMENT NOTE: Avoid claims such as “no morning grogginess” unless specifically substantiated for the finished product.

09 — HOW TO USE

YOUR NIGHTLY RITUAL

GIVE YOUR DAY A CLEAR ENDING.

Sonnus takes seconds to use.

The rest of the routine is about giving your body and mind a consistent environment for sleep.

01 — CHEW

Take **2 gummies approximately 30 minutes before bedtime**, according to the product directions.

02 — DIM

Lower the lights and begin reducing unnecessary stimulation.

03 — DISCONNECT

Give yourself a little distance from work, notifications and high-intensity screen use.

04 — REST

Allow Sonnus to complement the nighttime habits that support healthy sleep.

CHEW. DIM. DISCONNECT. REST.

Or, for a shorter branded version:

CHEW. UNWIND. REST.

[START TONIGHT →]

10 — WHAT SONNUS IS NOT

A DIFFERENT KIND OF NIGHTTIME ROUTINE

NOT A SLEEPING PILL.

**NOT A CAFFEINATED “RECOVERY”
FORMULA.**

**NOT A MELATONIN MEGADOSE
STRATEGY.**

Sonnus is a dietary supplement designed around nighttime wellness.

That means:

- ✓ No caffeine
- ✓ No stimulants
- ✓ 0.9 mg melatonin
- ✓ 10-ingredient formula
- ✓ Convenient gummy format
- ✓ No complicated preparation
- ✓ No prescription required

SUPPORT THE ROUTINE.

DON'T OVERCOMPLICATE THE NIGHT.

14 — OBJECTION HANDLING

“CAN'T I JUST BUY MELATONIN?”

ABSOLUTELY.

But if all you want is melatonin, Sonnus probably isn't the reason you're here.

Sonnus was created for people who want a **broader nighttime formula** instead of building their entire routine around a single ingredient.

The formula includes:

Magnesium.

L-Theanine.

GABA.

5-HTP.

Apigenin.

Lemon Balm.

B Vitamins.

Plus 0.9 mg melatonin.

MELATONIN IS ONE PIECE.

SONNUS IS THE WHOLE NIGHTTIME FORMULA.

[TRY SONNUS →]

15 — SECOND OBJECTION

“WHY NOT JUST BUY ALL OF THESE INGREDIENTS SEPARATELY?”

You could.

But then you're back to:

Multiple bottles.

Multiple serving instructions.

Multiple reorders.

Multiple products sitting on the nightstand.

Sonnus puts the formula into **two convenient gummies**.

TEN INGREDIENTS.

ONE PRODUCT.

ONE NIGHTLY HABIT.

That's the point.

18 — FAQ

QUESTIONS? WE'VE GOT ANSWERS.

WHAT EXACTLY IS SONNUS?

Sonnus is a nighttime dietary supplement in Wild Berry gummy form featuring 10 ingredients selected around relaxation, nighttime wellness and healthy sleep support.

HOW MANY GUMMIES DO I TAKE?

Take **2 gummies approximately 30 minutes before bedtime**, according to the current product directions.

DOES SONNUS CONTAIN MELATONIN?

Yes.

Sonnus contains **0.9 mg of melatonin per serving** as part of its broader 10-ingredient formula.

WHY DOES SONNUS USE A MULTI-INGREDIENT FORMULA?

Because Sonnus is designed around a broader nighttime-wellness approach rather than relying entirely on one ingredient.

Its formula includes magnesium, L-Theanine, GABA, 5-HTP, apigenin, lemon balm, B vitamins and melatonin among its components.

IS SONNUS A SLEEPING PILL?

No.

Sonnus is a dietary supplement and should not be positioned as a prescription or OTC sleep medication.

WILL IT “KNOCK ME OUT”?

That isn't how Sonnus should be positioned.

Sonnus is designed to support relaxation and healthy sleep as part of a consistent bedtime routine rather than to act as a sedative medication.

HOW QUICKLY SHOULD I EXPECT RESULTS?

Individual experiences vary.

Sleep can be influenced by stress, caffeine, alcohol, medications, screen exposure, work schedules, sleep environment and underlying health factors.

Sonnus should be viewed as part of a consistent nighttime routine rather than as a guaranteed immediate solution.

CAN I TAKE SONNUS EVERY NIGHT?

Use Sonnus according to the current label directions.

If you have questions about regular melatonin or supplement use based on your health history, speak with a qualified healthcare professional.

CAN I COMBINE SONNUS WITH SLEEP MEDICATION?

Do not combine sleep-support products casually.

If you use prescription sleep aids, sedatives, antidepressants, other melatonin products or medications that may interact with the formula, speak with a qualified healthcare professional before using Sonnus.

WHAT IF SONNUS ISN'T RIGHT FOR ME?

Eligible purchases are protected by our 90-Day Money-Back Guarantee, subject to the current refund-policy terms.

19 — FINAL OFFER

READY TO GIVE YOUR NIGHT A BETTER ROUTINE?

MORE THAN MELATONIN.

WITHOUT MAKING BEDTIME MORE COMPLICATED.

10 sleep-support ingredients.

2 Wild Berry gummies.

0.9 mg melatonin.

One easy nightly ritual.
